

Mr Jullien Brady
BSc MBBS, MRCOG
Consultant Obstetrician and Gynaecologist

Mr Jullien Brady was appointed Consultant Obstetrician and Gynaecologist at Bedford Hospital NHS Trust in April 2008.

Mr Brady undertook his post-graduate training in London, having qualified from Bart's and the Royal London NHS Trust in 1997.

Mr Brady has a special interest in gynaecological cancers, and acts as the Trust lead for gynaecological oncology. He is also a specialist in colposcopy (the management of abnormal cervical smear tests) and sits on the executive committee of the national governing body for colposcopy (BSCCP). Mr Brady also has a general gynaecology practice

Mr Brady carried out research at University College London NHS Foundation Trust in the presentation of endometrial cancer with post menopausal bleeding. He practices general obstetrics, having trained in some of the busiest and highest risk obstetric units in the UK.
