

**Dr V Ramesh Bulusu**  
**MD, MRCP, MSc, FRCR (Oncology)**

**Consultant Oncologist**

Dr Ramesh Bulusu was appointed as a consultant oncologist in the Primrose Oncology Unit at Bedford Hospital in 2002.

He completed his postgraduate medical training from Osmania University in Hyderabad, India. He obtained his fellowship in clinical oncology from the Royal College of Radiologists after successfully completing his oncology training at the Beatson Oncology Centre, Glasgow, Addenbrooke's Hospital, Cambridge and Churchill Hospital, Oxford.

His site specialist interests include Lymphomas, lung cancer, upper gastrointestinal (GI) and pancreatic/biliary cancers and melanomas. He is the oncology lead in Bedford for cancer unknown primary (CUP) and was appointed as the lead for the acute oncology team in November 2010. Dr Bulusu chairs the oncology systemic therapy and audit group and co chairs the upper GI specialist multi disciplinary team (MDT) in the network.

Dr Bulusu has a keen interest in undergraduate and postgraduate teaching. He was nominated as the Oncology Teacher of the Year for five successive years from 2004-2008 by the medical students from the University of Cambridge. He is the educational supervisor for the Faculty of Clinical Oncology at the Royal College of Radiologists UK and a member of the Anglia deanery oncology regional educational training committee.

Dr Bulusu is the network lead and one of the national experts on gastrointestinal stromal tumours (GIST), a rare sarcoma of the gastrointestinal tract. Working with the other specialists in this area, he has developed the national guidelines for the management of this tumour. He has lectured, presented and published extensively on this subject. He has been actively involved in numerous clinical trials at the cancer centre both as a principal and co investigator.
