

Mr Habib Charfare
MBBS, FRCS(Glasgow), FRCS(General Surgery)

Consultant Surgeon

Mr Charfare graduated from Bombay University in 1986 and completed his basic surgical training in India.

He came to the UK in 1992 and after obtaining FRCS in 1993, he worked as a higher surgical trainee in South East Thames and East Anglian deaneries. In 2000 Mr Charfare passed his Intercollegiate specialty examination, FRCS (Gen Surg). During his training in UK, he developed a special interest in laparoscopic surgery (cholecystectomies and hernia repair). Towards the later part of the training he developed a subspecialty

interest in Breast and Endocrine (thyroid and parathyroid diseases) surgery.

Mr Charfare has completed his sentinel node biopsy training over a year ago and he is a recognized trainer for this new technique. As a consultant surgeon, he provides the following services:

- Diagnosis and management of screen detected and symptomatic breast cancer
- Laparoscopic cholecystectomies and hernia repair
- Surgical management of thyroid and parathyroid problems

Mr Charfare is also actively involved in teaching undergraduate students and junior doctors and is on the editorial board of the British Journal of Medical Practitioners.
