

Mr Muhammad Javaid
MBBS, MSc, FRCS (Glasg) FRCS (Plast)
Consultant Plastic, Reconstructive & Cosmetic Breast Surgeon

Mr Muhammad Javaid completed his medical degree in 1988 and since then has been collecting extensive surgical experience along with the specialist training in Plastic Surgery. Mr Muhammad also holds fellowship of the Royal college of Physicians & Surgeons of Glasgow and fellowship in plastic surgery from the Royal College of Surgeons.

During the pursuit of his special interest in reconstructive breast surgery, he secured a *National Oncoplastic Breast Reconstruction Fellowship* organised by the British Association of Plastic Reconstructive & Aesthetic Surgeons & British Association of Surgical Oncology. This fellowship provided a wide range of experience in all aspects of reconstructive breast surgery which were undertaken at the regional breast centre based at the Birmingham Women's Hospital and University Hospital, Selly Oak, Birmingham.

Mr Javaid holds *accredited cosmetic surgery fellowship* from the renowned Wellington Hospital in London, where he enriched his experience with a wide range of cosmetic surgery procedures.

Mr Javaid offers all aspects of reconstructive and cosmetic surgery. He offers general plastic surgery, reconstructive and cosmetic breast surgery including female and male breast reduction, post weight loss body contouring procedures, abdominoplasty, liposuction, prominent ears correction, eyelid surgery, arm and thigh lifts, liposculpture & fat injections surgery for nose reshaping. In addition to these procedures, he also treats a wide range of general plastic surgery conditions including skin cancers, excision of benign skin lesions and trauma.

Mr Javaid has published many scientific papers in both British and American plastic surgery journals and has presented in National and International plastic surgery meetings.
