

Mr Harbinder Sharma
BMedSci, BMBS, FRCS (Urol)
Consultant Urological Surgeon

Mr Harbinder Sharma graduated from the University of Nottingham. Following his surgical training, he completed a fellowship in laparoscopic surgery and laser therapies in Melbourne, Australia.

His current areas of interests include laparoscopic surgery, laser therapies, female incontinence (including botox), andrology (including infertility) and paediatric surgery. Mr Sharma is presently involved in the creation of a service to provide laser prostatectomies to the people of Bedford. This will also enable him to treat stones in a more efficient manner. He is also negotiating the provision of intra vesical botox for patients with bladder overactivity.
