

The doctor has requested that you attend the eye department for a phasing clinic appointment. This means we will check the pressure in the eye at each appointment slot.

You will need to attend the clinic for four appointments on the same day at approximately two hourly intervals.

On the day of the appointment you are free to leave the department in between the appointments as long as you are back in time for your next pressure check.

It will not affect your ability to drive on the day. If you have any questions please call the clinic on 01234 792643 between the hours of 9am and 5pm Monday to Friday.

Your appointments times are as follows
